IMMUNE

STANDARDIZED TO YIELD A MINIMUM OF
75 MG (15%) OLEUROPEIN PER TABLET

AN OLIVE LEAF EXTRACT SUPPLEMENT TO SUPPORT
IMMUNE SYSTEM FUNCTION*

An Olive Leaf Extract supplement to support immune system function.*

Olive Leaf Extract works directly against unwanted materials by stimulating your own protective cells (phagocytes) to ingest them without suppressing the immune system or damaging the body's beneficial flora.*

Immune is standardized to yield 15% Oleuropein, the active ingredient, and is vegetarian and gluten free.

Olive leaf extract is one of the most useful, natural, immune supportive, herbal extracts yet discovered. Through extensive research and clinical studies, Oleuropein was found to be effective against a broad spectrum of unwanted materials.* Additionally, Oleuropein supports the immune system response and aids in detoxification.*

Olive leaf extract contains a natural complement of bioflavonoids from Quercetin and Rutin, which reduce oxidative stress.*

There are no known adverse effects for olive leaf extract, however, some mild discomfort may occur, such as headache, fatigue and bowel problems. These are short-lived and are a result of detoxification. **Immune** is so effective it may free up unwanted materials faster than the body can eliminate them, causing these symptoms. If these symptoms persist, reduce the daily dosage. **Immune** is considered an extremely safe product.*

Supplement Facts

Serving Size: 1 Tablet

Amount Per Serving

Olive Leaf (<i>Olea europaea</i>) Extract	500 mg
Yielding: Oleuropein	75 mg

Other ingredients: cellulose, stearic acid, silica, vegetable stearate.

Warning: If pregnant or nursing, consult your health-care practitioner before taking these products.

Suggested Use: As a dietary supplement, take one tablet, 3 to 4 times daily between meals, or as directed by your healthcare practitioner. If detoxification symptoms occur, reduce daily dosage.
