Essential Vitamin for the Support of Daily Wellness

## Did You Know...

Most Americans are deficient in Vitamin D. Since Vitamin D is primarily produced by your skin's exposure to sunlight, this is especially true during the winter months\*.

HealthSource Vitamin D can help to support the following:

- Bone Health\*
- Calcium Balance\*
- Cardiovascular Function\*
- Healthy Cell Growth\*

## The HealthSource Difference

Not all Vitamin D supplements are created equal. Here is a quick glance at what sets HealthSource Vitamin D apart from the rest.

### QUALITY

Vitamin D-3, the best form of Vitamin D for the human body to properly use\*

Made from Lanolin, a vegetarian-friendly source

HealthSource Vitamin D is made with sunflower oil, which improves quality and absorbability\*

### FEATURES

Natural orange flavor

2,000 IU per spray

Convenient, once-daily spray also helps to optimize delivery\*

### BENEFITS

Essential for the body to properly use and maintain healthy calcium levels, a critical factor regarding healthy bones\*

Plays a critical role in helping the body to maintain blood pressure within normal ranges and healthy vascular function\*

Critical to support a healthy immune system and healthy cellular growth and repair\*
